\*Regarding the 1000 French Treasury banknote (A.1 - 47462), this one has probably and unfortunately been counterfeited into a "fake Suez"! This note was first seen on sale at €1800 on delcampe in October 2014, then at Spink, world banknotes, July 8, 2015 (lot # 172)! I invite the owner of this copie to get in touch with me in order to remove all doubts.
